

# Green Building Products

## At-A-Glance

	Percent Recycled Content	Does Not Emit Harmful Chemicals	Third-party Certifications	Manufacturing Plant ISO 14001 Certified (+) or has an Environmental Management System (EMS)	Contributes to Energy Efficiency <sup>2</sup> (E+) or is ENERGY STAR Certified (C) or an ENERGY STAR Partner (P)	Reduces Carbon Footprint <sup>3</sup>	Green Approved Products for NAHB National Green Building Standard Credits	Contributes to Achieving LEED®-H Credits	Contributes to Achieving LEED®-NC, LEED®-CS or LEED® for Schools Credits	Contributes to Achieving LEED®-CI Credits
Form-A-Drain®	92%									
ThermaEZE™					P					
Platon®	92%									
T-Roc™										
WeatherBoards™ Fiber Cement Siding, Soffit and Trim	50%									
Cedar Impressions® Polymer Shakes and Shingles, CedarBoards™ Insulated Siding, Vinyl Siding and Trim	60% <sup>5</sup>		GreenCircle™ <sup>4, 5</sup>							
Restoration Millwork®										
Insulation—Batts and Blowing Wool	30-70%		GREENGUARD GreenCircle™	+	P					
CertaSpray™ Spray Foam Insulation										
Insulation—HVAC	30-70%		GREENGUARD GreenCircle™	+	P					
Gypsum—ProRoc®, GlasRoc® and ProRoc® M2Tech®	5-99% <sup>1</sup>		GREENGUARD, EcoLogo™ <sup>7</sup>	+						
Roofing—Residential	1-89%									
Roofing—Low Slope	1-28%				C					
Ceilings	0-85%		GreenCircle™ <sup>5</sup> , FSC <sup>6</sup>							
Fence	5-10%									
Deck	5-74%									
Panorama® Railing	90%									

<sup>1</sup> Depends on plant: Products made at Toronto, ON; Moundsville, WV; and Carrollton, KY, plants contain enough recycled content to qualify as EPP for LEED-H.

<sup>2</sup> Contributes to Energy Efficiency – This product reduces the energy consumption of the building in which it is installed by reducing the energy needed to light, heat, and/or cool the building.

<sup>3</sup> Reduces Carbon Footprint – This product reduces the carbon emissions related to the building in which it is installed either because less fossil fuel was used in its production or installation than comparable materials, or because the product reduces the energy used in the operation of the building (i.e., heating, cooling, lighting, etc.).

<sup>4</sup> CedarBoards™ D6 only.

<sup>5</sup> GreenCircle™ Certified – Sustainable Solutions Corporation (SSC) provides independent third-party certification of green and sustainable aspects of products and manufacturing operations. SSC utilizes the GreenCircle™ Certification System (GCCS) to provide independent third-party certification for sustainability claims.

<sup>6</sup> Forest Stewardship Council (FSC) – Decoustics Quadrillo®, Solo™ and Solo M™ ceiling panels only.

<sup>7</sup> Toronto, ON; and Vancouver, BC plants.
